BASIS FOR RELIEF REQUESTED

8. PROMESA section 316(a) provides that the Court “may award to a professional person employed by ... the [FOMB] (in [its] sole discretion) ... (1) reasonable compensation for actual, necessary services rendered by the professional, or attorney and by any paraprofessional employed by any such person; and (2) reimbursement for actual, necessary expenses.”

9. Pursuant to subdivision (c):

In determining the amount of reasonable compensation to be awarded to a professional person, the court shall consider the nature, the extent, and the value of such services, taking into account all relevant factors, including—

- (1) the time spent on such services;
- (2) the rates charged for such services;
- (3) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this chapter;
- (4) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (5) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the restructuring field; and
- (6) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title or title 11, United States Code.

10. PROMESA section 317 and the interim compensation order permit professionals to apply for allowance of compensation and reimbursement of expenses on an interim basis.

11. Each factor set forth in section 316(c) supports the allowance of the compensation sought herein on an interim basis.

(a) Time spent on services rendered. Citi devoted over 9,000 hours providing services on behalf of the FOMB during the Compensation Period, as is summarized on the prefixed

Summary Sheet. Significantly, there has been virtually no turnover among the Citi senior executives leading this engagement; and so, relatively little of that time has been devoted to bringing professionals up to speed on this complex engagement.

(b) Fees charged. As set forth in the Leffler Certification (defined below), the fees charged for this engagement are consistent with those customarily employed by Citi in other municipal restructuring engagements.

(c) Whether Services were necessary or beneficial. The services rendered were necessary to the administration of these Title III cases, and beneficial when rendered. The FOMB engaged Citi for the express purpose of providing these services.

(d) Timeliness of services rendered. No issue has been raised concerning the timeliness of services rendered by Citi.

(e) Restructuring Experience. Citi has a wealth of municipal restructuring experience. Citi is one of the largest municipal securities dealers in the United States, and has played an active role nearly in most major municipal restructurings in the United States for at least the past two decades. It was extremely well versed with complex issues facing the Debtors long before commencing this engagement.

12. The certification required by Rule 2016 and P.R. LBR 2016-1(a)(4) is annexed hereto as Appendix D (“Leffler Certification”).

NO PRIOR REQUEST

13. No prior request for the relief sought herein has been made to the Court or to any other court.

WHEREFORE, Citi requests an order allowing interim compensation for services rendered during the Compensation Period in the amount of \$4,840,000 and reimbursement of expenses incurred during such period in the amount of \$9,354.30 and granting such other and further relief as the Court deems just and proper.

*As noted previously, Citi only submitted hours for certain members of its core team, as a result, this schedule does not fully reflect the totality of Citi personnel time committed to the firm's PROMESA FOMB assignments. To assist the Fee Examiner's review, we have added a column for the various industry specialists and "public side" employees who also devoted substantial time and expertise to the firm's FOMB assignments.

**Due to the fact that the specific individual specialists varied frequently depending on the specific PROMESA topics involved, we have labelled the "industry specialists and public side employees" column by job function and not by individual personnel name.

***For calculation purposes, the specialists and public side employees are estimated to have contributed approximately mid-point of the range of hours per month to Citi's work for the FOMB, with Citi estimating that the hours dedicated by these non-core team members had a range depending on the month. Once the various COFINA and Commonwealth and PREPA restructuring proposals, "blow out" notices, plan support agreements (PSAs and RSAs) and proposed plans of adjustment began to become public starting in early calendar year 2018, the involvement of Citi's public side employees, in-house counsel and industry specialists increased materially and that higher level of involvement has continued into 2020.
